Durbuy Music is a creative place in nature that brings songwriters, musicians and music producers together. Our creators Domien Cnockaert and Manou Maerten wanted to supply artists with inspiring musical instruments in a magnificent, magical environment. They renovated a 70's riverside villa close to Durbuy into a multipurpose complex: a high-end recording studio, 6 creative rooms, a big rehearsal room and a gear room full of unique instruments. It's a residential complex so you can stay the night and make use of the fully equipped kitchen.
